

## Protocol Governing Weather

In the event of **unfavorable weather conditions** resulting from rain, wind or fog, with uncertain weather forecasts, but with the course being in good playing condition, the Management may defer to the players' own decision to use their right to play and an announcement will be put up on the notice board in the Club House.

If the player decides **NOT** to take to the course, the player is entitled to a voucher for a round in identical conditions to those subscribed, valid for 1 year from the date of issue and which must be stamped and signed by the Management.

In the event that the player should **voluntarily decide to play**, he should subsequently withdraw, the following rules will prevail:

- ▶ If he has played **1 hole or more**, the player will be eligible to a voucher for 9 holes.
- ▶ If he has played **10 holes or more**, the player will not be eligible for any voucher whatsoever.

Vouchers will be valid for a period of 1 year from their date of issue and must be stamped and signed by the Management in order to be valid.

In the event of unfavorable weather conditions resulting from rain, wind or fog with uncertain weather forecasts and with the course **NOT being in good playing conditions**, the Management **may delay** the start of the game until the risks of damage to the ground conditions are minimized.

Those players who miss out on their tee time as a result of these conditions will be allocated in another tee time later on the same day, or the following day, subject to availability. In the event that another tee time cannot be allocated, a voucher for a round under the same conditions will be offered, valid for 1 year from its date of issue.
